This photo directory is published to help our medical staff, administration, nursing staff, and support services integrate house staff and medical students into the activities of Prisma Health.

Our house staff, medical students and their families come to us from many locations, both inside and outside of the United States. They enrich our community, care for our patients and are the focus of our academic mission.

For additional information and listings regarding Graduate Medical Education, visit the website https://schealthsciencescenter.org/ or the individual program links within this photo directory.

- Krishna Vijayasrathi, D.O.
In Memory of Darlene Norton

Thank you for all your wonderful years of service at Prisma Health.

“Your love will light our way. Your memory will forever be with us.”
Undergraduate Medical Education

Prisma Health provides clinical training to University of South Carolina School of Medicine Greenville students.

Prisma Health served as a regional campus for UofSC School of Medicine Columbia from 1991-2012.

In 2009, Prisma Health and the University of South Carolina jointly initiated development of a separately accredited medical school to provide all four years of medical education at Prisma Health. Coincident with Prisma Health’s centennial anniversary in 2012, the University of South Carolina School of Medicine Greenville enrolled its charter class. Prisma Health is privileged to have matched numerous medical school graduates into our residency and fellowship programs. Students choose to enter programs in primary care and various surgical and non-surgical specialties.

Students and staff involved in undergraduate medical education at Prisma Health are listed on the following pages.

UofSCSOM Greenville Student Services

Paul V. Catalana, M.D., M.P.H.
Associate Dean for Student Affairs and Admissions, Clinical Associate Professor of Pediatrics

Emily Northev
Manager of Student Affairs

Anne Green Buckner
Manager of Academic Affairs and Clinical Educator
About Us

At the University of South Carolina School of Medicine Greenville, tomorrow’s doctors train alongside today’s physicians and all members of the interdisciplinary healthcare team from day one. It’s a medical school where hands-on, real-world experience isn’t a mere promise for the future, but a way of life. Where students learn using the latest information, clinical, and simulation technology so that they know how to leverage technology in a rapidly changing world. Where students develop the leadership, clinical, and interpersonal skills essential to delivering the next generation of patient-focused health care with confidence and compassion.

UofSC School of Medicine Greenville is a four-year medical school located at the heart of the Prisma Health Greenville Memorial Medical Campus and backed by two decades of partnership in providing comprehensive medical education to students from the University of South Carolina, the state’s largest public university. To learn more, visit: http://www.greenvillemed.sc.edu.
